Do I need to have a lock?

You provide the lock ensuring that you, and only you, have access. Don't have a lock? No problem, we offer a wide range of locks, packing and moving supplies to make your move stress-free. Even better, we offer all of these great moving supplies at very affordable prices.

How do I get my items to the unit?

EKS Storage has extra wide drive aisles, allowing your rental truck or movers easy access to your unit. We offer FREE hand-carts and/or dollies for use at our facilities.* We recommend contacting one of our helpful managers to check truck and hand cart availability.

Helpful Tips for Personal Storage

EKS Storage offers convenient, clean, and affordable storage options for all of your personal storage needs. Our wide range of sizes can help you store anything from the contents of a closet to more than a 5-6 bedroom home! Our units offer the perfect amount of space for storing furniture, seasonal items, clothes, sports equipment, appliances, and even vehicles. Whether you need 25 square feet or 1,000 square feet of space, we have the right size for you.

Storage rooms are available in a wide range of sizes, from the equivalent of a walk-in closet to the size of a one-car garage ... and larger. **Spaces range from 5'x8' to 10'x40'** to accommodate any size item you need to store. Easy drive-up access make moving in and out convenient.

Home Owner

Whether you're building your dream home, moving into the area or just trying to get your car out of the weather we can help. We have helped thousands of Cache Valley home owners store their valuables and would like to show you why we are Cache Valley's Self Storage Facility.

Renter

When your money counts you can count on us to help you save! Why put up with clutter? You can rent a storage unit and save space and money. We are close to several major apartment facilities in Logan.

Top 20 Packing and Storage Tips

1. Start early and create a moving strategy.
2. Write down an inventory of everything you pack and use a box / item tracking system.
3. Read all legal and binding agreements and guarantees prior to the move day – resolve your questions before the moving truck pulls up.
4. Use high-quality packing materials. You can purchase packing supplies and boxes on site.
5. Pack books and other heavy objects in smaller boxes for easier lifting.
6. If you need to store clothes, use wardrobe boxes so you can hang your garments.
7. Use the same size boxes for easy stacking.
8. Fill boxes completely, stuffing open areas with plain newsprint to prevent collapsing when stacked.
9. Seal boxes completely with packing tape or use plastic bins to keep out dust.
10. Store couches (except sofa-beds) on end to maximize space.
11. Protect mattresses and furniture with pads and covers.
12. Wrap mirrors and pictures with paper pads, or use mirror boxes. Never store these items flat.
13. Label all boxes on several sides for easy locating.
14. Disassemble tables and shelves and store on their sides. Wrap and mark all pieces for easier re-assembly.
15. Leave a center aisle in your unit for easy access to all items.
16. Use shelving to maximize your storage space.
17. Store items you'll need most often at the front of your unit.
18. Keep refrigerator and freezer doors slightly ajar and clean before storing. Don't forget to use the space inside for extra storage.
19. Use a good quality weatherproof lock that won't rust or become inoperable.
20. Do not store combustibles or perishables.
